7. Headquarters Security Division has learned that the New Building Project Office intends to install picnic-type furniture in the courtyards on the exterior of the North and South connectors in the new office building. This, in essence, creates two additional entrances to the Old Headquarters Building/New Office Building. These points of entry were not planned and will necessitate additional Security Protective Officer posts and PASS equipment. The contractor estimates the PASS cost at approximately \$200K. Physical Security Division is investigating to learn details of logistics plans and explore alternative solutions.

8. Information Security Group (ISG) representatives attended a meeting with the Secret Service to discuss plans to interconnect the White House, Old Executive Office Building, and Executive Office Building systems. Secret Service will request ISG assistance to evaluate and accredit this "lash-up" of existing systems.
